Subject index*

A

- Abdomen, fetal, megacystis-microcolon-hypopertalsis syndrome and anechoic areas in (Nelson and Reiff), 464
- Abdominal delivery without uterine incision or laparotomy (Goodlin et al.), 990 (Comm. in brief)
- and vaginal hysterectomy, complications of, among women of reproductive age in United States (Dicker et al.), 841
- Abortion and informed consent requirements (Kapp), 1 (Clinical opinion)
- recurrent, intrauterine growth retardation, and infertility in five cases: impaired reproductive performance of unicornuate uterus (Andrews and Jones), 173
- repetitive, balanced translocation karyotypes in patients with (Davis et al.), 229
- Absorbance, amniotic fluid, at 653 nm, effect of 24-hour storage at 4° C on (Shugar), 854 (Comm. in brief)
- Accelerations, fetal heart rate, and late decelerations during course of intrauterine death in chronically catheterized rhesus monkeys (Murata et al.), 218
- Acidosis, fetal, development of, in presence of abnormal fetal heart rate tracing. I. Average for gestational age fetus (Fleischer et al.), 55
- hypokalemia, transient hepatitis, severe hemolytic anemia, and leukemoid reaction associated with administration of ritodrine hydrochloride (Yutopar)(Alcena), 852 (Comm. in brief)
- Activity, fetal, clinical implications from monitoring (Rayburn), 967 (Current developments)
- Adenocarcinoma, ovarian, histologic correlates of virulence in. II. Morphologic correlates of host response (Deligdisch, Jacobs, and Cohen), 885
- peritoneoscopically confirmed Stage I ovarian, intraperitoneal chronic phosphate in (Piver et al.), 836
- Adenomyosis, development of, associated with evidence of hyperprolactinemia, effects of prenatal exposure of mice to "low-dose" diethylstilbestrol and (Huseby and Thurlow), 939
- Adenosis and heterotopic columnar epithelium in vagina of mouse after neonatal treatment with clomiphene citrate (Gorwill, Steele, and Sarda), 529
- Adnexal adhesions: prognostic staging and classification system based on five-year survey of fertility surgery results at Chapel Hill, North Carolina (Hulka), 141
- Adrenergic, β -, receptor activity, effect of estrogen and progesterone on, in rabbit lung tissue (Moawad, River, and Kilpatrick), 608
- stimulation, effect of, on fetal cardiovascular function during hypoxemia (Cohn, Piasecki, and Jackson), 810
- Age(s), different, bone mineral status of lactating mothers of (Chan et al.), 438
- reproductive, complications of abdominal and vaginal hysterectomy among women of, in United States (Dicker et al.), 841
- Aldosterone, plasma, urinary aldosterone metabolites, and urinary free 18-hydroxycorticosterone in normal pregnancy (Bauknecht et al.), 28
- Altitude, high, incidence of pregnancy-induced hypertension is increased among Colorado residents at (Moore et al.), 423
- Amenorrhea and oligomenorrhea, prevalence of, in college population (Bachmann and Kemmann), 98
- Aminobutyric acid (gamma-), presumptive role for, in regulation of gonadotropin secretion in man (Elias et al.), 72
- Amniocentesis, failed: role of membrane tenting (Platt, DeVore, and Gimovsky), 479 (Comm. in brief)
- fatal intracranial hemorrhage complicating (Portman and Brouillette), 731 (Comm. in brief)
- Amniotic band syndrome (Seeds, Cefalo, and Herbert), 243 (Clinical opinion)
- fluid absorbance at 650 nm, effect of 24-hour storage at 4° C on (Shugar), 854 (Comm. in brief)
- β -endorphin and α -melanocyte-stimulating hormone immunoreactivity in normal and complicated pregnancies (Divers et al.), 539

Amniotic fluid—Cont'd.

- cord blood, and serum of healthy adults, pregnant women, and patients with trophoblastic disease, levels in: radioimmunoassay of placental protein 12 (Rutanen, Bohn, and Sepälä), 460
- human, surfactant "apoproteins" in: enzyme-linked immunosorbent assay for prenatal assessment of lung maturity (Shelley et al.), 224
- modified activated partial thromboplastin time with use of (Weiner and Brandt), 234
- Anatomy, normal, as determined by real-time-directed M-mode ultrasound, I. Fetal echocardiography (DeVore et al.), 249
- Anechoic areas in fetal abdomen and megacystis-microcolon-hypopertalsis syndrome (Nelson and Reiff), 464
- Anemia, severe hemolytic, leukemoid reaction, acidosis, hypokalemia, and transient hepatitis associated with administration of ritodrine hydrochloride (Yutopar) (Alcena), 852 (Comm. in brief)
- Anesthesia, epidural, sympathoadrenal activity, maternal, fetal, and neonatal responses after, in preeclamptic patient (Abboud et al.), 915
- Antepartum cardiotocograms, interobserver and intraobserver variation in assessment of (Lotgering, Wallenburg, and Schouten), 701
- nonstress testing, spontaneous fetal heart rate decelerations during, and intrauterine growth retardation, association of (Pazos et al.), 574
- pneumonia in pregnancy (Benedetti, Valle, and Ledger), 413
- testing schemes for management of postdate pregnancy, comparison of (Eden et al.), 683
- Antibody-coated bacteria, infectious mastitis and occurrence of, in milk (Thomsen), 350 (Comm. in brief)
- Anticoagulation of autologous cord blood for neonatal resuscitation (Golden, O'Brien, and Metz), 103 (Comm. in brief)
- Antiestrogen, antiprogesterone, synthetic, gestrinone (R-2323), treatment of endometriosis with (Coutinho), 895
- Apgar scores, infant, maternal cigarette smoking, and psychoactive substance use (Hingson et al.), 959
- "Apoproteins," surfactant, in human amniotic fluid: enzyme-linked immunosorbent assay for prenatal assessment of lung maturity (Shelley et al.), 224
- Arterial thromboembolic disease, venous and, in women using oral contraceptives (Miller and Pizzo), 824
- Artery prostacyclin formation, reduced umbilical, in complicated pregnancies (Dadak et al.), 792
- Ascites, massive, with uterine leiomyomas and ovarian vein thrombosis (Gal et al.), 729 (Comm. in brief)
- Assay, cytotoxicity, sequential in vitro reactivity of lymphocytes from patients with cervical squamous malignancy in (Dini and Faierman), 341
- enzyme-linked immunosorbent, for prenatal assessment of lung maturity: surfactant "apoproteins" in human amniotic fluid (Shelley et al.), 224
- limulus lysate, in detection of gonorrhea in women from low-incidence population (Hainer et al.), 67
- Association of Professors of Gynecology and Obstetrics action, ten points for, in 1980s: survival of departments of obstetrics and gynecology (Spellacy), 626
- Autologous cord blood, anticoagulation of, for neonatal resuscitation (Golden, O'Brien, and Metz), 103 (Comm. in brief)
- Average for gestational age fetus, I. Development of fetal acidosis in presence of abnormal fetal heart rate tracing (Fleischer et al.), 55

B

- Bacteria, antibody-coated, infectious mastitis and occurrence of, in milk (Thomsen), 350 (Comm. in brief)
- Bacterial peritonitis, spontaneous, in pregnancy (Stauffer, Wygal, and Lavery), 104 (Comm. in brief)
- Band syndrome, amniotic (Seeds, Cefalo, and Herbert), 243 (Clinical opinion)

pH measurement, fetal scalp, with automated blood microprocessor and clinical blood gas laboratory, comparison of (Pearse and Paul), 40
sampling, scalp, fetal heart rate response to (Clark, Gimovsky, and Miller), 706
umbilical cord, β -endorphin and β -lipotropin concentrations in (Shaaban et al.), 560
Bone mineral status of lactating mothers of different ages (Chan et al.), 438
Books received, 241, 365, 867, 999
Breast biopsies, outpatient, on gynecologic service (Mitchell and Homer), 127
Breathing movements, human fetal, after carbohydrate ingestion in fasting and nonfasting subjects (Fox, Hohler, and Steinbrecher), 213
Breech second twin, management of (Kelsick and Minkoff), 783

C

- Calcific endometritis (Untawale, Gabriel, and Chauhan), 482 (Comm. in brief)
Camera, computer-linked, indium 113m and, measurements with: uteroplacental blood flow in diabetic pregnancy (Nylund et al.), 298
Cancer, endometrial: evaluation of spread and follow-up in one hundred eighty-nine patients with Stage I or Stage II disease (Burrell, Franklin, and Powell), 181
prognostic features of, in estrogen users and obese women (La Vecchia et al.), 387
patient, dying, and gynecologist (Gallup, Labudovich, and Zambito), 154
Capillary whole blood, radioimmunologic method applied for analyses of human placental lactogen on minimal amounts of (Axelson and Englund), 984 (Comm. in brief)
Carbohydrate ingestion, human fetal breathing movements after, in fasting and nonfasting subjects (Fox, Hohler, and Steinbrecher), 213
Carbon dioxide laser, use of, in therapy of cervical intraepithelial neoplasia (Burke), 337
Carcinoma, advanced ovarian, second-look operations in planned management of (Raju et al.), 650
Cardiomyopathy, peripartum, and Wolff-Parkinson-White syndrome in pregnant patient (Barfield), 989 (Comm. in brief)
Cardiotocograms, antepartum, interobserver and intraobserver variation in assessment of (Lotgering, Wallenburg, and Schouten), 701
Cardiovascular and biochemical effects of infusion of beta hydroxybutyrate into fetal lamb (Miodovnik et al.), 594
function, fetal, effect of β -adrenergic stimulation on, during hypoxemia (Cohn, Piasecki, and Jackson), 810

- Carotene, folate, and smoking (Witter et al.), 857 (Comm. in brief)
Catamenial products, use of, effect of menses and, on cervical carriage of *Staphylococcus aureus* (Noble, Jacobson, and Smith), 186
Catecholamines, maternal and fetal circulating, effect of labor on (Jones and Greiss), 149
Catheterized rhesus monkeys, chronically, fetal heart rate accelerations and late decelerations during course of intrauterine death in (Murata et al.), 218
Cefamandole versus clindamycin-gentamicin, double-blind, randomized comparison of, for treatment of post-cesarean section endomyometritis (Gibbs et al.), 261
Cell-to-cell spread and multiplication of herpes simplex virus type 2 in vitro, effect of prostaglandins on (Baker et al.), 346
function, fetal beta, in diabetic pregnancy (Persson et al.), 455
Cervical carriage of *Staphylococcus aureus*, effect of menses and use of catamenial products on (Noble, Jacobson, and Smith), 186
intraepithelial neoplasia, use of carbon dioxide laser in therapy of (Burke), 337
perfusion method, new, for induction of labor with prostaglandins (Boemi, Reitano, and Ciani), 476 (Comm. in brief)
priming prior to dilatation and evacuation: comparison of methods (Lauersen et al.), 890
squamous malignancy, sequential in vitro reactivity of lymphocytes from, in cytotoxicity assay (Dini and Faiferman), 341
Cesarean section morbidity, comparison of, in urban and rural hospitals (Richards and Richards), 270
post-, endomyometritis, double-blind, randomized comparison of clindamycin-gentamicin versus cefamandole for treatment of (Gibbs et al.), 261
patient, Ogilvie's syndrome in (Reece, Petrie, and Hutcherson), 849 (Comm. in brief)
trial of labor following: two-year experience (Meier and Porreco), 671
unusual cause of pain after (Baker, Cefalo, and Dorton), 982 (Comm. in brief)
Chapel Hill, North Carolina, prognostic staging and classification system based on five-year survey of fertility surgery results at: adnexal adhesions (Hulka), 141
Chorion-decidua tissue, human, prolactin binding sites on (McWey, Singhas, and Rogol), 283
Chronic phosphate, intraperitoneal, in peritoneoscopically confirmed Stage I ovarian adenocarcinoma (Piver et al.), 836
Chromosomal mosaicism, X, isolated follicle-stimulating hormone deficiency in woman with (Schmidt et al.), 601
Cigarette smoking, maternal, psychoactive substance use, and infant Apgar scores (Hingson et al.), 959
Circadian pattern of prolactin secretion in postmenopausal women receiving estrogen with or without progestin (Chang et al.), 402
Circumcision, immediate postnatal, myocardial injury following (Ruff et al.), 850 (Comm. in brief)
Clindamycin-gentamicin versus cefamandole, double-blind, randomized comparison of, for treatment of post-cesarean section endomyometritis (Gibbs et al.), 261
Clinical opinion, 1-4, 243-260, 367-386, 621-625, 745-752
Clomiphene citrate, heterotopic columnar epithelium and adenosis in vagina of mouse after neonatal treatment with (Gorwill, Steele, and Sarda), 529
for in vitro fertilization, correlation of ultrasonic measurement of ovarian follicle size and serum estradiol levels in ovulatory patients following (Vargyas et al.), 569

- Echocardiographic estimation of hemodynamics in hypertensive pregnancy (Kuzniar et al.), 430
- Echocardiography, fetal. I. Normal anatomy as determined by real-time-directed M-mode ultrasound (DeVore et al.), 249
- II. Diagnosis and significance of pericardial effusion in fetus using real-time-directed M-mode ultrasound (DeVore et al.), 693
- Eclampsia-preeclampsia, severe, preliminary report on treatment of, with magnesium sulfate and volume expanders (Liu), 983 (Comm. in brief)
- Edema, proteinuria, thrombocytopenia, and leukopenia in infants of preeclamptic mothers (Mirro and Brown), 851 (Comm. in brief)
- Eenie, meenie, minie, mo . . . what do data *really* show (Stempel), 745 (Clinical opinion)
- Effusion, pericardial, in fetus, diagnosis and significance of, using real-time-directed M-mode ultrasound. II. Fetal echocardiography (DeVore et al.), 693
- Electrocardiogram, fetal lamb, changes in ST waveform of, with hypoxemia (Greene et al.), 950

- Embolization, repetitive unilateral vascular, uterine hemodynamic response to, in pregnant ewe (Clapp et al.), 309
- Endocrine response, ovine fetoplacental, to placental damage (Clapp et al.), 47
- Endometrial cancer: evaluation of spread and follow-up in one hundred eighty-nine patients with Stage I or Stage II disease (Burrell, Franklin, and Powell), 181
- prognostic features of, in estrogen users and obese women (La Vecchia et al.), 387
- Endometriosis, infertility in, possible cause of: sperm phagocytosis by human peritoneal macrophages (Muscato, Haney, and Weinberg), 503
- pelvic, and Turner's syndrome (Peress et al.), 474 (Comm. in brief)
- treatment of, with gestrinone (R-2323), synthetic antiestrogen, anti-progesterone (Coutinho), 895
- Endometriosis, calcific (Untawale, Gabriel, and Chauhan), 482 (Comm. in brief)
- Endomyometritis, post-caesarean section, double-blind, randomized comparison of clindamycin-gentamicin versus cefamandole for treatment of (Gibbs et al.), 261
- Endorphin, β -, and α -melanocyte-stimulating hormone immunoreactivity, amniotic fluid, in normal and complicated pregnancies (Divers et al.), 539
- and β -lipotropin concentrations in umbilical cord blood (Shaaban et al.), 560
- Endotoxic shock in primate: some effects of dopamine administration (Rao and Cavanagh), 61
- Enzyme-linked immunosorbent assay for prenatal assessment of lung maturity: surfactant "apoproteins" in human amniotic fluid (Shelley et al.), 224
- Epidemiologic study of young women with dysmenorrhea (Andersch and Milsom), 655
- Epidural anesthesia, sympathoadrenal activity, maternal, fetal, and neonatal responses after, in preeclamptic patient (Abboud et al.), 915
- Epithelium, heterotopic columnar, and adenosis in vagina of mouse after neonatal treatment with clomiphene citrate (Gorwill, Steele, and Sarda), 529
- Erratum, 120
- Erythrocyte(s), insulin receptors on, in normal and obese pregnant women: comparisons to those in nonpregnant women during follicular and luteal phases (Toyoda), 679
- osmotic fragility, increased, in pregnancy (Magid, Perlin, and Gottfried), 910
- Estradiol and estrone derived from labeled precursors, asymmetric release of, in perfused human placentas (Gurpide et al.), 551
- levels, serum, and ultrasonic measurement of ovarian follicle size, correlation of, in ovulatory patients following clomiphene citrate for in vitro fertilization (Vargyas et al.), 569
- Estrogen formulations, various, comparison of pharmacodynamic properties of (Mashchak et al.), 511
- /gestagen, cyclic, dose-response evaluation of, in postmenopausal women: placebo-controlled trial of its gynecologic and metabolic actions (Christensen et al.), 873
- and progesterone, effect of, on β -adrenergic receptor activity in rabbit lung tissue (Moawad, River, and Kilpatrick), 608
- receptor, specific cytosolic, in human term placenta (Kneussl, Ances, and Albrecht), 803
- users and obese women, prognostic features of endometrial cancer in (La Vecchia et al.), 387
- with or without progestin, circadian pattern of prolactin secretion in postmenopausal women receiving (Chang et al.), 402
- Estrone and estradiol derived from labeled precursors, asymmetric release of, in perfused human placentas (Gurpide et al.), 551
- Ethanol and ritodrine, effect of, plasma levels of oxytocin and 13,14-dihydro-15-keto prostaglandin $F_{2\alpha}$ in preterm labor and (Fuchs et al.), 753
- Evacuation, dilatation and, cervical priming prior to: comparison of methods (Lauersen et al.), 890
- Experimental diabetes mellitus, human and, placental lipid and glyco-gen content in (Diamant et al.), 5
- F
- Factor VIII inhibitor: case of severe postpartum hemorrhage (Reece, Fox, and Rapoport), 985 (Comm. in brief)
- Fasting and nonfasting subjects, human fetal breathing movements after carbohydrate ingestion in (Fox, Hohler, and Steinbrecher), 213
- Femur length, ultrasonic measurement of, as index of fetal gestational age (Yeh et al.), 519
- ultrasound fetal, in relation to intrauterine growth retardation. Part II (O'Brien and Queenan), 35
- Ferritin, elevated serum, in altered ferrokinetics of toxemia of pregnancy (Entman, Richardson, and Killam), 418
- Ferrokinetics, altered, of toxemia of pregnancy, elevated serum ferritin in (Entman, Richardson, and Killam), 418
- Fertility regulation in nursing women. II. Comparative performance of progesterone implants versus placebo and copper T (Croxatto et al.), 201
- surgery results at Chapel Hill, North Carolina, prognostic staging and classification system based on five-year survey of: adnexal adhesions (Hulka), 141
- Fertilization, in vitro, correlation of ultrasonic measurement of ovarian follicle size and serum estradiol levels in ovulatory patients following clomiphene citrate for (Vargyas et al.), 569
- Fetal abdomen, megacystis-microcolon-hypoperistalsis syndrome and anechoic areas in (Nelson and Reiff), 464
- acidosis, development of, in presence of abnormal fetal heart rate tracing. I. Average for gestational age fetus (Fleischer et al.), 55
- activity, clinical implications from monitoring (Rayburn), 967 (Current developments)
- beta cell function in diabetic pregnancy (Persson et al.), 455
- body movements, gross, and maternal heart rate, influence of, on daily pattern of fetal heart rate near term (Patrick et al.), 533
- breathing movements, human, after carbohydrate ingestion in fast-ing and nonfasting subjects (Fox, Hohler, and Steinbrecher), 213
- cardiovascular function, effect of β -adrenergic stimulation on, during hypoxemia (Cohn, Piasecki, and Jackson), 810
- echocardiography. I. Normal anatomy as determined by real-time-directed M-mode ultrasound (DeVore et al.), 249
- II. Diagnosis and significance of pericardial effusion in fetus using real-time-directed M-mode ultrasound (DeVore et al.), 693
- femur length, ultrasound, in relation to intrauterine growth retardation. Part II (O'Brien and Queenan), 35
- gestational age, ultrasonic measurement of femur length as index of (Yeh et al.), 519
- growth, insufficient, enhanced reactivity of platelet thromboxane pathway in normotensive and hypertensive pregnancies with (Wallenburg and Rotmans), 523
- heart rate accelerations and late decelerations during course of intrauterine death in chronically catheterized rhesus monkeys (Murata et al.), 218
- decelerations, spontaneous, during antepartum nonstress testing and intrauterine growth retardation, association of (Pazos et al.), 574
- mechanisms of late decelerations of, during hypoxia (Harris, Krueger, and Parer), 491
- response to scalp blood sampling (Clark, Gimovsky, and Miller), 706
- variability and maternal hemodynamics, significant correlation between (Kariniemi et al.), 43
- lamb, cardiovascular and biochemical effects of infusion of beta hydroxybutyrate into (Miodovnik et al.), 594
- electrocardiogram, changes in ST waveform of, with hypoxemia (Greene et al.), 950
- lung maturity, phosphatidylglycerol and (Plauché, Faro, and Letellier), 166
- and maternal circulating catecholamines, effect of labor on (Jones and Greiss), 149
- pharmacokinetics of moxalactam given intrapartum (Bawdon et al.), 546
- membranes, premature rupture of, comparison of aggressive and conservative management of (Barrett and Boehm), 12
- monkeys, variable heart rate decelerations and transcutaneous P_{O_2} during umbilical cord occlusion in (Mueller-Heubach and Battelli), 796
- movement, effect of abolition of, on fetal intravascular P_{O_2} and incidence of tonic myometrial contractions in pregnant ewe at 114 to 134 days' gestation (Nathaniels, Yu, and Cabalum), 614

Fetal—Cont'd

- neonatal, and maternal responses after epidural anesthesia in preclampsic patient, sympathoadrenal activity (Abboud et al.), 915
- pulmonary maturity, incidence of Grade III changes in placenta in correlation to, I. Changes in placental ultrasonic appearance (Quinlan et al.), 468
- use of ultrasound in prediction of (Petrucha, Golde, and Platt), 931
- scalp blood pH measurement with automated blood microprocessor and clinical blood gas laboratory, comparison of (Pearse and Paul), 40
- serum cortisol levels, human, related to gestational age: evidence of midgestational fall and steep late gestational rise, independent of sex or mode of delivery (Pearson Murphy), 276
- thiocyanate levels and maternal passive smoking (Bottoms et al.), 787
- tachypnea, intrauterine (Romero et al.), 356 (Comm. in brief)
- urinary tract obstruction: what is role of surgical intervention in utero (Berkowitz et al.), 367
- weight estimation from ultrasonic three-dimensional head and trunk reconstructions: evaluation in vitro (Brinkley et al.), 715
- Fetoplacental endocrine response, ovine, to placental damage (Clapp et al.), 47
- Fetoprotein, alpha-, determinations, false negative maternal serum, in myelodysplasia: role of ultrasound (Platt et al.), 352 (Comm. in brief)
- elevated maternal serum, second-trimester placental changes associated with (Perkes et al.), 935
- Fetus (fetuses), average for gestational age, I. Development of fetal acidosis in presence of abnormal fetal heart rate tracing (Fleischer et al.), 55
- diagnosis and significance of pericardial effusion in, using real-time-directed M-mode ultrasound, II. Fetal echocardiography (DeVore et al.), 693
- live, presenting as placenta previa on ultrasound, coexisting hydatidiform mole with (Yee, Tu, and Platt), 728 (Comm. in brief)
- and mother, concordance in: teratomas (Rayburn and Barr), 110 (Comm. in brief)
- and pregnant ewe, effect of maternal ketoacidemia on (Miodovnik et al.), 585
- of unknown gestational age, intrauterine growth retardation risk detection for (Sholl et al.), 709
- Fistula, tubocutaneous (Wittich, Morales, and Braeuer), 109 (Comm. in brief)
- Folate, carotene, and smoking (Witter et al.), 857 (Comm. in brief)
- Folinic acid-methotrexate versus methotrexate alone, results of: treatment of nonmetastatic gestational trophoblastic disease (Smith et al.), 88
- Follicle size, ovarian, ultrasonic measurement of, and serum estradiol levels, correlation of, in ovulatory patients following clomiphene citrate for in vitro fertilization (Vargyas et al.), 569
- stimulating hormone deficiency, isolated, in woman with X chromosomal mosaicism (Schmidt et al.), 601
- Follicular and luteal phases, comparisons to those in nonpregnant women during: insulin receptors on erythrocytes in normal and obese pregnant women (Toyoda), 679

G

- Gallbladder disease in pregnancy (Stauffer et al.), 661
- Gamma globulin therapy during pregnancy in mother with hypogammaglobulinemia (Hausser and Buriot), 112 (Comm. in brief)
- Gentamicin-clindamycin versus cefamandole, double-blind, randomized comparison of, for treatment of post-caesarean section endomyometritis (Gibbs et al.), 261
- Gestagen/estrogen, cyclic, dose-response evaluation of, in postmenopausal women: placebo-controlled trial of its gynecologic and metabolic actions (Christensen et al.), 873
- Gestation, effects of, on glucose tolerance and plasma insulin in cynomolgus monkeys (*Macaca fascicularis*) (Meis et al.), 543
- 114 to 134 days', effect of abolition of fetal movement on fetal intravascular P_{O_2} and incidence of tonic myometrial contractions in pregnant ewe at (Nathanielsz, Yu, and Cabalum), 614
- Gestational age, fetal, ultrasonic measurement of femur length as index of (Yeh et al.), 519

Gestational age—Cont'd

- human fetal serum cortisol levels related to: evidence of midgestational fall and steep late gestational rise, independent of sex or mode of delivery (Pearson Murphy), 276
- relationship of placental grade to (Petrucha and Platt), 733 (Comm. in brief)
- unknown, intrauterine growth retardation risk detection for fetuses of (Sholl et al.), 709
- diabetes, comparison of glycohemoglobin determination and one-hour oral glucose screen in identification of (Shah et al.), 774
- criteria for screening tests for (Carpenter and Coustan), 768
- trophoblastic disease, fatal: analysis of treatment failures (Lurain et al.), 391
- nonmetastatic, treatment of: results of methotrexate alone versus methotrexate-folinic acid (Smith et al.), 88
- placental protein 5 in: localization and circulating levels (Nisbet et al.), 396
- Gestrinone (R-2323), synthetic antiestrogen, antiprogesterone, treatment of endometriosis with (Coutinho), 895
- Globulin, sex hormone binding, -binding capacity and unbound sex steroids, changes in, during oral and vaginal progesterone administration (Granger, Roy, and Mishell), 578
- Glucose screen, one-hour oral, and glycohemoglobin determination, comparison of, in identification of gestational diabetes (Shah et al.), 774
- tolerance and plasma insulin, effects of gestation on, in cynomolgus monkeys (*Macaca fascicularis*) (Meis et al.), 543
- Glycogen content, placental lipid and, in human and experimental diabetes mellitus (Diamant et al.), 5
- Glycohemoglobin determination and one-hour oral glucose screen, comparison of, in identification of gestational diabetes (Shah et al.), 774
- Gonadotropin, human chorionic, evaluation of sensitivity of five home pregnancy tests to known concentrations of (Hanlon et al.), 778
- secretion, presumptive role for gamma-aminobutyric acid in regulation of, in man (Elias et al.), 72
- Gonorrhea during intrapartum period (Solola, Ryan, and Ling), 351 (Comm. in brief)
- limulus lysate assay in detection of, in women from low-incidence population (Hainer et al.), 67
- Growth, insufficient fetal, enhanced reactivity of platelet thromboxane pathway in normotensive and hypertensive pregnancies with (Wallenburg and Rotmans), 523
- Gynecologic and metabolic actions, its, placebo-controlled trial of: dose-response evaluation of cyclic estrogen/gestagen in postmenopausal women (Christensen et al.), 873
- surgery, benign, redistribution of (Friedrich), 177
- Gynecologist(s) and dying cancer patient (Gallup, Labudovich, and Zambito), 154
- and midwives, neonatal morbidity in deliveries conducted by (Lievaart and de Jong), 376
- Gynecology/obstetrics, collaborative practice in: implications for cost, quality, and productivity (Burchell et al.), 631 (Clinical opinion)
- departments of, survival of: ten points for Association of Professors of Gynecology and Obstetrics action in 1980s (Spellacy), 626
- manpower for. III. Contributions to total female medical care (Pearse et al.), 332

H

- Head and trunk reconstructions, ultrasonic three-dimensional, fetal weight estimation from: evaluation in vitro (Brinkley et al.), 715
- Heart rate accelerations, fetal, and late decelerations during course of intrauterine death in chronically catheterized rhesus monkeys (Murata et al.), 218
- decelerations, spontaneous fetal, during antepartum nonstress testing and intrauterine growth retardation, association of (Pazos et al.), 574
- variable, and transcutaneous P_{O_2} during umbilical cord occlusion in fetal monkeys (Mueller-Heubach and Battelli), 796
- fetal, mechanisms of late decelerations of, during hypoxia (Harris, Krueger, and Parer), 491
- maternal, and gross fetal body movements, influence of, on daily pattern of fetal heart rate near term (Patrick et al.), 533

- Heart rate—Cont'd
response, fetal, to scalp blood sampling (Clark, Gimovsky, and Miller), 706
tracing, abnormal fetal, development of fetal acidosis in presence of. I. Average for gestational age fetus (Fleischer et al.), 55
variability, fetal, and maternal hemodynamics, significant correlation between (Kariniemi et al.), 43
Hemodynamic(s) in hypertensive pregnancy, echocardiographic estimation of (Kuzniar et al.), 430
maternal, and fetal heart rate variability, significant correlation between (Kariniemi et al.), 43
observations, peripartum, I. Severe preeclampsia (Phelan and Yurth), 17
response, uterine, to repetitive unilateral vascular embolization in pregnant ewe (Clapp et al.), 309
Hemoglobinopathies, sickle, therapy for pregnant patient with: national focus (Morrison, Blake, and Reed), 268
Hemolytic anemia, severe, leukemoid reaction, acidosis, hypokalemia, and transient hepatitis associated with administration of ritodrine hydrochloride (Yutopar) (Alcena), 852 (Comm. in brief)
Hemorrhage, fatal intracranial, complicating amniocentesis (Portman and Brouillette), 731 (Comm. in brief)
severe postpartum, cause of: factor VIII inhibitor (Reece, Fox, and Rapoport), 985 (Comm. in brief)
Hepatitis, transient, severe hemolytic anemia, leukemoid reaction, acidosis, and hypokalemia associated with administration of ritodrine hydrochloride (Yutopar) (Alcena), 852 (Comm. in brief)
Herpes simplex genitalis, asymptomatic, incidence and outcome of, in obstetric population (Scher et al.), 906
virus type 2, effect of prostaglandins on multiplication and cell-to-cell spread of, in vitro (Baker et al.), 346
Heterotopic columnar epithelium and adenosis in vagina of mouse after neonatal treatment with clomiphene citrate (Gorwill, Steele, and Sarda), 529
Hirsutism and menstrual patterns in women exposed to diethylstilbestrol in utero (Peress et al.), 135
Histologic correlates of virulence in ovarian adenocarcinoma. II. Morphologic correlates of host response (Deligdisch, Jacobs, and Cohen), 885
Hormone, α -melanocyte-stimulating, and β -endorphin immunoreactivity, amniotic fluid, in normal and complicated pregnancies (Divers et al.), 539
binding globulin, sex-, -binding capacity and unbound sex steroids, changes in, during oral and vaginal progestogen administration (Granger, Roy, and Mishell), 578
deficiency, isolated follicle-stimulating, in woman with X chromosomal mosaicism (Schmidt et al.), 601
Hospital(s), community, fifteen years' experience in: shoulder dystocia (Hopwood), 162
urban and rural, comparison of cesarean section morbidity in (Richards and Richards), 270
Host response, morphologic correlates of, II. Histologic correlates of virulence in ovarian adenocarcinoma (Deligdisch, Jacobs, and Cohen), 885
Human chorionic gonadotropin, evaluation of sensitivity of five home pregnancy tests to known concentrations of (Hanlon et al.), 778
somatomammotropin, biologic activity and quantification of messenger RNA coding for, in normal and intrauterine growth-retarded pregnancies (Hubert, Mondon, and Cedard), 722
placental lactogen, radioimmunologic method applied for analyses of, on minimal amounts of capillary whole blood (Axelsson and Englund), 984 (Comm. in brief)
Hydatidiform mole(s), coexisting, with live fetus presenting as placenta previa on ultrasound (Yee, Tu, and Platt), 728 (Comm. in brief)
three complete, with 46,XY karyotype, dispermic origin and clinical outcome of (Surti, Szulman, and O'Brien), 84
Hydroxybutyrate, beta, cardiovascular and biochemical effects of infusion of, into fetal lamb (Miodovnik et al.), 594
Hydroxycorticosterone (18-), urinary free, plasma aldosterone, and urinary aldosterone metabolites in normal pregnancy (Bauknecht et al.), 28
Hyperprolactinemia, development of adenomyosis associated with evidence of, effects of prenatal exposure of mice to "low-dose" diethylstilbestrol and (Huseby and Thurlow), 939
Hypertension, pregnancy-induced, incidence of, is increased among Colorado residents at high altitude (Moore et al.), 423
Hypertensive and normotensive pregnancies with insufficient fetal growth, enhanced reactivity of platelet thromboxane pathway in (Wallenburg and Rotmans), 523
pregnancy, echocardiographic estimation of hemodynamics in (Kuzniar et al.), 430
Hypogammaglobulinemia, gamma globulin therapy during pregnancy in mother with (Hausser and Burior), 112 (Comm. in brief)
Hypokalemia, transient hepatitis, severe hemolytic anemia, leukemoid reaction, and acidosis associated with administration of ritodrine hydrochloride (Yutopar) (Alcena), 852 (Comm. in brief)
Hypoperistalsis-megacystis-microcolon syndrome and anechoic areas in fetal abdomen (Nelson and Reiff), 464
Hypoxemia, changes in ST waveform of fetal lamb electrocardiogram with (Greene et al.), 950
effect of β -adrenergic stimulation on fetal cardiovascular function during (Cohn, Piasecki, and Jackson), 810
Hypoxia, mechanisms of late decelerations of fetal heart rate during (Harris, Krueger, and Parer), 491
Hysterectomy, abdominal and vaginal, complications of, among women of reproductive age in United States (Dicker et al.), 841
- I
- Immune thrombocytopenia, clinically diagnosed, prenatal prediction of thrombocytopenia in infants of mothers with (Kelton et al.), 449
Immunopathologic study of implantation site in molar pregnancy (Berkowitz et al.), 925
Immunoreactivity, amniotic fluid β -endorphin and α -melanocyte-stimulating hormone, in normal and complicated pregnancies (Divers et al.), 539
Implantation site in molar pregnancy, immunopathologic study of (Berkowitz et al.), 925
Implants, progesterone, versus placebo and copper T, comparative performance of, II. Fertility regulation in nursing women (Croxatto et al.), 201
In memoriam, 121
Incision, uterine, abdominal delivery without, or laparoelytotomy (Goodlin et al.), 990 (Comm. in brief)
Incontinence, genuine stress urinary, significance of urethral vascular pulsations in (Hebert, Francis, and Ostergard), 828
Indium 113m and computer-linked gamma camera, measurements with: uteroplacental blood flow in diabetic pregnancy (Nylund et al.), 298
Infant(s) Apgar scores, maternal cigarette smoking, and psychoactive substance use (Hingson et al.), 959
of mothers with clinically diagnosed immune thrombocytopenia, prenatal prediction of thrombocytopenia in (Kelton et al.), 449
of preeclamptic mothers, edema, proteinuria, thrombocytopenia, and leukopenia in (Mirro and Brown), 851 (Comm. in brief)
puerperal tuberculosis with death of (Niles), 131
Infectious mastitis and occurrence of antibody-coated bacteria in milk (Thomsen), 350 (Comm. in brief)
Infertility in endometriosis, possible cause of: sperm phagocytosis by human peritoneal macrophages (Muscato, Haney, and Weinberg), 503
recurrent abortion, and intrauterine growth retardation in five cases: impaired reproductive performance of unicornuate uterus (Andrews and Jones), 173
Informed consent requirements, abortion and (Kapp), I (Clinical opinion)
Infusion of beta hydroxybutyrate into fetal lamb, cardiovascular and biochemical effects of (Miodovnik et al.), 594
Insulin, plasma, and glucose tolerance, effects of gestation on, in cynomolgus monkeys (*Macaca fascicularis*) (Meis et al.), 543
receptors on erythrocytes in normal and obese pregnant women: comparisons to those in nonpregnant women during follicular and luteal phases (Toyoda), 679
requirements during labor: reappraisal (Golde et al.), 556

- Intestinal perforation, spontaneous, in utero: ultrasonic diagnostic criteria (Shalev et al.), 855 (Comm. in brief)
- polypeptide, vasoactive, effect of, on uterine blood flow in pregnant ewes (Clark, Austin, and Stys), 497
- Intracranial hemorrhage, fatal, complicating amniocentesis (Portman and Brouillette), 731 (Comm. in brief)
- Intraepithelial squamous lesions of vulva: biologic and histologic criteria for distinction of condylomas from vulvar intraepithelial neoplasia (Crum et al.), 77
- Intrapartum, maternal and fetal pharmacokinetics of moxalactam given (Bawdon et al.), 546
- period, gonorrhea during (Solola, Ryan, and Ling), 351 (Comm. in brief)
- Intraperitoneal chromic phosphate in peritoneoscopically confirmed Stage I ovarian adenocarcinoma (Piver et al.), 836
- Intraurethral pressure, maximum, location of, related to urogenital diaphragm in female subject as studied by simultaneous urethrocystometry and voiding urethrocystography (Westby, Asmussen, and Ulmsten), 408
- Intrauterine death, fetal heart rate accelerations and late decelerations during course of, in chronically catheterized rhesus monkeys (Murata et al.), 218
- decompression of megalocystis during second trimester of pregnancy (Gadziala et al.), 355 (Comm. in brief)
- fetal tachypnea (Romero et al.), 356 (Comm. in brief)
- growth retardation, infertility, and recurrent abortion in five cases: impaired reproductive performance of unicornuate uterus (Andrews and Jones), 173
- risk detection for fetuses of unknown gestational age (Sholl et al.), 709
- spontaneous fetal heart decelerations during antepartum non-stress testing and, association of (Pazos et al.), 574
- ultrasound fetal femur length in relation to. Part II (O'Brien and Queenan), 35
- retarded and normal pregnancies, biologic activity and quantification of messenger RNA coding for human chorionic somatomammotropin in (Hubert, Mondon, and Cedard), 722
- Intravascular PO_2 , fetal, and incidence of tonic myometrial contractions, effect of abolition of fetal movement on, in pregnant ewe at 114 to 134 days' gestation (Nathanielsz, Yu, and Cabalum), 614
- Items, 122, 242, 366, 490, 619-620, 744, 868, 1000

K

- Karyotype(s), balanced translocation, in patients with repetitive abortion (Davis et al.), 229
- 46,XY, dispermic origin and clinical outcome of three complete hydatidiform moles with (Surti, Szulman, and O'Brien), 84
- Ketoacidemia, maternal, effect of, on pregnant ewe and fetus (Miodovnik et al.), 585

L

- Labeled precursors, asymmetric release of estrone and estradiol derived from, in perfused human placentas (Gurpide et al.), 551
- Labor board, partographic: alternative for earlier decisions regarding management during labor (Earn), 858 (Comm. in brief)
- and delivery outcomes, impact of intensive prenatal care on: Northwestern University Drug Dependence Program (Rosner, Keith, and Chasnoff), 23
- dysfunctional, oxytocin augmentation of. I. Clinical data (Seitchik and Castillo), 899
- effect of, on maternal and fetal circulating catecholamines (Jones and Greiss), 149
- insulin requirements during: reappraisal (Golde et al.), 556
- new cervical perfusion method for induction of, with prostaglandins (Boemi, Reitano, and Cianci), 476

- Second-look operations in planned management of advanced ovarian carcinoma (Raju et al.), 650
- Secretion, gonadotropin, presumptive role for gamma-aminobutyric acid in regulation of, in man (Elias et al.), 72
- prolactin, circadian pattern of, in postmenopausal women receiving estrogen with or without progestin (Chang et al.), 402
- Serum alpha-fetoprotein determinations, false negative maternal, in myelodysplasia: role of ultrasound (Platt et al.), 352 (Comm. in brief)
- elevated maternal, second-trimester placental changes associated with (Perkes et al.), 935
- amniotic fluid, and cord blood of healthy adults, pregnant women, and patients with trophoblastic disease, levels in: radioimmunoassay of placental protein 12 (Rutanen, Bohn, and Seppälä), 460
- concentration of 1,25-dihydroxyvitamin D_3 , fluctuation of, during menstrual cycle (Gray et al.), 880
- cortisol levels, human fetal, related to gestational age: evidence of midgestational fall and steep late gestational rise, independent of sex or mode of delivery (Pearson Murphy), 276
- estradiol levels and ultrasonic measurement of ovarian follicle size, correlation of, in ovulatory patients following clomiphene citrate for in vitro fertilization (Vargyas et al.), 569
- ferritin, elevated, in altered ferrokinetics of toxemia of pregnancy (Entman, Richardson, and Killam), 418
- thiocyanate levels, fetal, and maternal passive smoking (Bottoms et al.), 787
- Sex or mode of delivery, evidence of midgestational fall and steep late gestational rise, independent of: human fetal serum cortisol levels related to gestational age (Pearson Murphy), 276
- steroids, unbound, and sex hormone binding globulin-binding capacity, changes in, during oral and vaginal progestogen administration (Granger, Roy, and Mishell), 578
- Shock, endotoxic, in primate: some effects of dopamine administration (Rao and Cavanagh), 61

- Shoulder dystocia: fifteen years' experience in community hospital (Hopwood), 162
- Sickle hemoglobinopathies, therapy for pregnant patient with: national focus (Morrison, Blake, and Reed), 268
- Smoking, folate, and carotene (Witter et al.), 857 (Comm. in brief)
- maternal cigarette, psychoactive substance use, and infant Apgar scores (Hingson et al.), 959
- passive, and fetal serum thiocyanate levels (Bottoms et al.), 787
- Society for Gynecologic Investigation, papers of, 491-618

T

- Tachypnea, intrauterine fetal (Romero et al.), 356 (Comm. in brief)
- Tenting, membrane, role of: failed amniocentesis (Platt, DeVore, and Gimovsky), 479 (Comm. in brief)
- Teratomas: concordance in mother and fetus (Rayburn and Barr), 110 (Comm. in brief)
- Term, influence of maternal heart rate and gross fetal body movements on daily pattern of fetal heart rate near (Patrick et al.), 533
- placenta, human, specific cytosolic estrogen receptor in (Kneussl, Ances, and Albrecht), 803
- Tests, five home pregnancy, evaluation of sensitivity of, to known concentrations of human chorionic gonadotropin (Hanlon et al.), 778

- Tests—Cont'd
screening, for gestational diabetes, criteria for (Carpenter and Coustan), 768
- Testing, antepartum nonstress, spontaneous fetal heart rate decelerations during, and intrauterine growth retardation, association of (Pazos et al.), 574
schemes, antepartum, for management of postdate pregnancy, comparison of (Eden et al.), 683
- Thiocyanate levels, fetal serum, and maternal passive smoking (Botoms et al.), 787
- Thrombocytopenia, leukopenia, edema, and proteinuria in infants of preeclamptic mothers (Mirro and Brown), 851 (Comm. in brief)
prenatal prediction of, in infants of mothers with clinically diagnosed immune thrombocytopenia (Kelton et al.), 449
- Thromboembolic disease, venous and arterial, in women using oral contraceptives (Miller and Pizzo), 824
- Thromboplastin time, modified activated partial, with use of amniotic fluid (Weiner and Brandt), 234
- Thrombosis, ovarian vein, and uterine leiomyomas, massive ascites with (Gal et al.), 729 (Comm. in brief)
- Thromboxane pathway, platelet, enhanced reactivity of, in normotensive and hypertensive pregnancies with insufficient fetal growth (Wallenburg and Rotmans), 523
- Tissue, human chorion-decidua, prolactin binding sites on (McWey, Singhas, and Rogol), 283
rabbit lung, effect of estrogen and progesterone on β -adrenergic receptor activity in (Moawad, River, and Kilpatrick), 608
- Tonic myometrial contractures, incidence of, and fetal intravascular PO_2 , effect of abolition of fetal movement on, in pregnant ewe at 114 to 134 days' gestation (Nathanielsz, Yu, and Cabalum), 614
- Toxemia of pregnancy, elevated serum ferritin in altered ferrokinetics of (Entman, Richardson, and Killam), 418
- Transactions, forty-fourth annual meeting, The South Atlantic Association of Obstetricians and Gynecologists, 123-176
- Transcutaneous PO_2 and variable heart rate decelerations during umbilical cord occlusion in fetal monkeys (Mueller-Heubach and Battelli), 796
- Translocation karyotypes, balanced, in patients with repetitive abortion (Davis et al.), 229
- Trial of labor following cesarean section: two-year experience (Meier and Porreco), 671
- Trophoblastic disease, fetal gestational: analysis of treatment failures (Lurain et al.), 391
gestational, placental protein 5 in: localization and circulating levels (Nisbet et al.), 396
nonmetastatic gestational, treatment of: results of methotrexate alone versus methotrexate-folinic acid (Smith et al.), 88
patients with, healthy adults, and pregnant women, levels in amniotic fluid, cord blood, and serum of: radioimmunoassay of placental protein 12 (Rutanen, Bohn, and Seppälä), 460
- Trunk and head reconstructions, ultrasonic three-dimensional, fetal weight estimation from: evaluation in vitro (Brinkley et al.), 715
- Tuberculosis, puerperal, with death of infant (Niles), 131
- Tubocutaneous fistula (Wittich, Morales, and Braeuer), 109 (Comm. in brief)
- Tumor, desmoid, during pregnancy (Camiel and Solish), 988 (Comm. in brief)
- Turner's syndrome and pelvic endometriosis (Peress et al.), 474 (Comm. in brief)
- Twin, breech second, management of (Kelsick and Minkoff), 783

U

- Ultrasonic appearance, placental, changes in. I. Incidence of Grade III changes in placenta in correlation to fetal pulmonary maturity (Quinlan et al.), 468
II. Pathologic significance of Grade III placental changes (Quinlan et al.), 471
diagnostic criteria: spontaneous intestinal perforation in utero (Shalev et al.), 855 (Comm. in brief)
measurement of femur length as index of fetal gestational age (Yeh et al.), 519
of ovarian follicle size and serum estradiol levels, correlation of, in ovulatory patients following clomiphene citrate for in vitro fertilization (Vargyas et al.), 569

- Ultrasonic—Cont'd
three-dimensional head and trunk reconstructions, fetal weight estimation from: evaluation in vitro (Brinkley et al.), 715
- Ultrasound fetal femur length in relation to intrauterine growth retardation. Part II (O'Brien and Queenan), 35
live fetus presenting as placenta previa on, coexisting hydatidiform mole with (Yee, Tu, and Platt), 728 (Comm. in brief)
real-time-directed M-mode, diagnosis and significance of pericardial effusion in fetus using. II. Fetal echocardiography (DeVore et al.), 693
normal anatomy as determined by. I. Fetal echocardiography (DeVore et al.), 249
role of: false negative maternal serum alpha-fetoprotein determinations in myelodysplasia (Platt et al.), 352 (Comm. in brief)
use of, in prediction of fetal pulmonary maturity (Petrucha, Golde, and Platt), 931
- Umbilical artery prostacyclin formation, reduced, in complicated pregnancies (Dadak et al.), 792
cord blood, β -endorphin and β -lipotropin concentrations in (Shaban et al.), 560
occlusion, variable heart rate decelerations and transcutaneous PO_2 during, in fetal monkeys (Mueller-Heubach and Battelli), 796
- Unicornuate uterus, impaired reproductive performance of: intrauterine growth retardation, infertility, and recurrent abortion in five cases (Andrews and Jones), 173
- United States, complications of abdominal and vaginal hysterectomy among women of reproductive age in (Dicker et al.), 841
- Unstable female urethra (Ulmsten, Henriksson, and Isosif), 93
- Urban and rural hospitals, comparison of cesarean section morbidity in (Richards and Richards), 270
- Urethra, unstable female (Ulmsten, Henriksson, and Isosif), 93
- Urethral pressure profile in pregnancy and after delivery in healthy nulliparous women (van Geelen et al.), 636
vascular pulsations, significance of, in genuine stress urinary incontinence (Hebert, Francis, and Ostergard), 828
- Urethrocystometry and voiding urethrocytography, simultaneous, location of maximum intraurethral pressure related to urogenital diaphragm in female subject as studied by (Westby, Asmussen, and Ulmsten), 408
- Urinary free 18-hydroxycorticosterone, plasma aldosterone, and urinary aldosterone metabolites in normal pregnancy (Bauknecht et al.), 28
tract obstruction, fetal, what is role of surgical intervention in utero (Berkowitz et al.), 367
- Urogenital diaphragm, location of maximum intraurethral pressure related to, in female subject as studied by simultaneous urethrocystometry and voiding urethrocytography (Westby, Asmussen, and Ulmsten), 408
- Uterine blood flow, effect of vasoactive intestinal polypeptide on, in pregnant ewes (Clark, Austin, and Stys), 497
hemodynamic response to repetitive unilateral vascular embolization in pregnant ewe (Clapp et al.), 309
incision, abdominal delivery without, or laparototomy (Goodlin et al.), 990 (Comm. in brief)
leiomyomas and ovarian vein thrombosis, massive ascites with (Gal et al.), 729 (Comm. in brief)
and peripheral blood concentrations of vasodilator prostaglandins in conscious pregnant rabbits (Chaudhuri et al.), 760
- Uteroplacental blood flow in diabetic pregnancy: measurements with indium 113m and computer-linked gamma camera (Nylund et al.), 298
- Uterus, leiomyosarcoma of (Van Dinh and Woodruff), 817
postpartum, effects of nifedipine on oxytocin and prostaglandin $F_{2\alpha}$ -induced activity in (Forman et al.), 665
unicornuate, impaired reproductive performance of: intrauterine growth retardation, infertility, and recurrent abortion in five cases (Andrews and Jones), 173

V

- Vagina of mouse, heterotopic columnar epithelium and adenosis in, after neonatal treatment with clomiphene citrate (Gorwill, Steele, and Sarda), 529
- Vaginal hysterectomy, abdominal and, complications of, among women of reproductive age in United States (Dicker et al.), 841

Vaginal—Cont'd

- and oral progestogen administration, changes in unbound sex steroids and sex hormone binding globulin-binding capacity during (Granger, Roy, and Mishell), 578
- Variability, fetal heart rate, and maternal hemodynamics, significant correlation between (Kariniemi et al.), 43
- Variable heart rate decelerations and transcutaneous P_{O_2} during umbilical cord occlusion in fetal monkeys (Mueller-Heubach and Battelli), 796
- Vascular embolization, repetitive unilateral, uterine hemodynamic response to, in pregnant ewe (Clapp et al.), 309
- pulsations, urethral, significance of, in genuine stress urinary incontinence (Hebert, Francis, and Ostergard), 828
- Vasoactive intestinal polypeptide, effect of, on uterine blood flow in pregnant ewes (Clark, Austin, and Stys), 497
- Vasodilator prostaglandins, uterine and peripheral blood concentrations of, in conscious pregnant rabbits (Chaudhuri et al.), 760
- Vein thrombosis, ovarian, and uterine leiomyomas, massive ascites with (Gal et al.), 729 (Comm. in brief)
- Venous and arterial thromboembolic disease in women using oral contraceptives (Miller and Pizzo), 824
- blood flow distribution, portal, to liver and ductus venosus in newborn lambs (Botti et al.), 303
- Virulence, histologic correlates of, in ovarian adenocarcinoma. II. Morphologic correlates of host response (Deligdisch, Jacobs, and Cohen), 885
- Virus type 2, herpes simplex, effect of prostaglandins on multiplication and cell-to-cell spread of, in vitro (Baker et al.), 346

- Voiding urethrocytography and urethrocytometry, simultaneous, location of maximum intraurethral pressure related to urogenital diaphragm in female subject as studied by (Westby, Asmussen, and Ulmsten), 408
- Volume expanders and magnesium sulfate, preliminary report on treatment of severe preeclampsia-eclampsia with (Liu), 983 (Comm. in brief)
- Vulva, intraepithelial squamous lesions of: biologic and histologic criteria for distinction of condylomas from vulvar intraepithelial neoplasia (Crum et al.), 77
- Vulvar intraepithelial neoplasia, biologic and histologic criteria for distinction of condylomas from: intraepithelial squamous lesions of vulva (Crum et al.), 77

W

- Waveform, ST, of fetal lamb electrocardiogram, changes in, with hypoxemia (Greene et al.), 950
- Weight, birth, determinants of (Dougherty and Jones), 190
- estimation, fetal, from ultrasonic three-dimensional head and trunk reconstructions: evaluation in vitro (Brinkley et al.), 715
- Wolff-Parkinson-White syndrome and peripartum cardiomyopathy in pregnant patient (Barfield), 989 (Comm. in brief)

Y

- Young women with dysmenorrhea, epidemiologic study of (Andersch and Milsom), 655
- Yutopar (ritodrine hydrochloride), severe hemolytic anemia, leukemoid reaction, acidosis, hypokalemia, and transient hepatitis associated with administration of (Alcena), 852 (Comm. in brief)
